Date: March 23, 1995
Description: The donor noted that some of the photos show the class of 1930 at Woman’s Medical College of Pennsylvania and that Dean Tracy (Martha) “took us to luncheon.”

Additional Comments: These photographs were found in a file cabinet containing items from the office of a previous director of the Archives. An acknowledgment letter and Deed of Gift had been sent, the Deed of Gift signed and returned, and an accession number assigned, but there was no accession record or finding aids created for these items. And so, this accession record has been created in October of 1997, even though the gift was donated in 1995.
