Accession #270
Laura Morrow

13.5 linear feet textual materials
10.5 record cartons
1 doc box
Artifacts
2.5 record cartons artifacts
Dates: [1965 – 1985]

Description
Files cover women physicians; status of women; psychiatric professional organizations; women balancing family and careers (other people’s materials); energy and nuclear power; speeches; AMWA; MWIA; photographs of Dr. Morrow; AMWA photos; and National Health Insurance. Full documentation of survey conducted in preparation for paper “Environmental Factors Influencing Women to Become Physicians”. Dr. Morrow was AMWA president ca. 1969.

All materials in original folders, contents of folders seem generally relevant to file name but some folders need order.

Inventory of boxes completed June 2000, attached.

MWIA
About 1.5 linear feet are MWIA-related. This material is comprised of papers presented at MWIA Congresses, AMWA representation at MWIA, and correspondence.

Related collections survey 6/16/00
Research strengths

Dr. Morrow’s papers document her activities concerning the status of women, her research on women physicians and on women in psychiatry. Researchers will find her materials useful as a reflection on Morrow’s position as a professional woman during a period when women’s roles and status were being challenged and redefined. Materials regarding her affiliation with AMWA, MWIA and the American Psychiatric Association show her active role in researching, broadcasting and improving the status of medical women and women in general.

Processing time

Estimating 25 to 30 hours per foot to arrange and describe at folder level, including a paper finding aid in inventory style, processing the entire collection would take between 338 and 405 hours (or approximately 43 to 50 days).
